RE: Full Stack Developer

Dear Hiring Manager,

I would love to learn more about the opportunities within this company. Would you have a few minutes to talk with me about what you're looking for? As a starting point, here's a little bit about my background:

I am a hard worker who is skilled in problem-solving and time management. I take initiative and get things done on my own as well as with others. I catch on quickly and work hard to continuously learn new skills. Just a few of my abilities include:

- HTML
- CSS
- Javascript

I am certain that I will be a great addition to your company.

I would greatly appreciate your review of my enclosed resume and outlined credentials. I believe that I can be a valuable addition to this company and your business goals. At your convenience, I am available for an interview or further discussion. I look forward to your response.

Sincerely,
Ashaad Yeoman
